

The original OverDrive app (for all other library or school users on Android, Chromebooks, iOS, Fire tablets, or Windows 8/10)

Getting Started with Overdrive

1. Find your library, Prairie du Chien Memorial Library (Southwest Library System)
2. Sign in using your valid library card number. You can create your own password by signing in at our library website or ask a librarian for a generic password.
3. Browse your library's collection and borrow an available title or put your book on hold (they will e-mail you when the book is available)
4. Borrowed titles appear on your Loans Shelf and then you can Download them as an EPUB book when you are connected to Wi-Fi so you can read them when you're offline.
5. Then go to your bookshelf and start enjoying your book or audio book!

You can enjoy many titles immediately online, download them for offline use, or send borrowed eBooks to a Kindle device (U.S. libraries only) for the duration of your lending period.

You can also transfer titles from your computer to compatible eReaders or MP3 players.
